PERMAGOV PROJECT

# PERMAGOV

## IMPROVING PERFORMANCE OF EU MARINE GOVERNANCE

### OUR TEAM

Funded by  
the European Union

UK Research  
and Innovation

PERMAGOV has received funding from the European Union's Horizon Europe research and innovation programme HORIZON-CL6-2022-GOVERNANCE-01-03 under grant agreement No 101086297, and by UK Research and Innovation under the UK government's Horizon Europe funding guarantee grant numbers 10045993, 10062097, 101086297.

## PERMAGOV aims to improve the implementation and performance of EU marine policies to reach the goals set out in the EU Green Deal.

PERMAGOV will pilot a novel multi-level, collaborative governance approach for selected regional seas and national waters around Europe, targeting four marine regime complexes of key importance to sustainable development: maritime transport, marine energy, marine plastics, marine life.

## OUTCOMES

- Comprehensive analysis of institutional barriers impeding effective policy implementation
- New co-designed interventions and e-governance strategies for the four regime complexes
- Enhanced stakeholder capabilities to implement EU Green Deal objectives
- Sustainable exploitation of water resources in line with international biodiversity commitments

## CASE STUDIES
